## Description:

As a wife, you are uniquely able to honor your husband in ways no one else can. Tragically, in today's culture, the idea of honor in the marriage relationship has been lost. It's a key reason so many marriages aren't what they could be. In *Eight Ways to Honor Your Husband*, author Marilyn Chadwick shares how you can show this special kind of love: become strong, guard your home, believe the best, lighten his load, build him up, dream big together, create a culture of honor. As you honor your husband, you and he will both experience new heights of fulfillment and intimacy—and you'll

show others how beautiful the husband-wife union can be when it follows Gods design.

Wonderful book! I highly recommend it whether you are married or not.
